

Richmond Night Market Update/COVID-19

April 25th, 2020

Dear Visitors and Supporters,

Celebrating 20 years of Summer Fun, Food and Family... Richmond Night Market is facing a summer like no other.

The world has been put on *Pause*, and that impacts ALL of our summer plans. While the COVID-19 situation continues to evolve on a daily basis, Richmond Night Market has made the responsible decision to postpone it's opening for this year's event to ensure the health and safety of its guests, staff and vendors.

With the uncertainty surrounding the COVID-19 Pandemic Richmond Night Market regrets this decision, but puts the well-being of the community and their staff as their highest priority.

At this time, we are looking at the end of June to decide on our next steps, but this will be fluid and change as the situation develops.

Creating an event that draws guests from all over the province takes a great deal of coordination, and we will continue to assess potential scenarios in accordance with government guidance.

We are proud of our growth over the past 20 years into North America's largest Night Market... but we are also proud of all our health care professionals, first responders and front line workers who look after us each and every day.

Thank you for your understanding in helping to maintain a healthy and safe environment for our community.

An uncertain summer for sure... but when we can go from social distancing back to just being social again, know the sun will continue to shine and Richmond Night Market will be here for you!

With warm wishes and love,

Richmond Night Market Management Team
